

Rules and Regulations for the CyberTronArmy

1. **DOUBLE CLANNING** in CYBA is not permitted in games CYBA plays tournaments in. If you wish to join a clan who plays a game we do not, talk to the General's Committee FIRST, they will discuss it and make a decision.
EXAMPLE: you want to competitively play Checkers... You may be allowed to clan in /GEEKS/ and (CYBA), as long as /GEEKS/ doesn't also play one of our "CLAN GAMES".
Penalty - If you are caught double clanning, you will be given one (1) day to drop all other clans, or you will be dropped from CYBA

2. **RESPECT FOR OTHERS** is a key principle in CYBA. You should respect others in all areas of interaction. This is regardless of race, creed, religion, nationality, or any other reason. If you don't like them, you don't have to play with them, but you still represent CYBA in your actions. Keep it civil.
Penalty - If you are caught bad mouthing CYBA or any CYBA members, a written apology will be required in forums. Continuing abuse will lead to your dismissal from CYBA.

Remember that this is only a game... so most importantly "HAVE FUN!"

3. **CONFLICT RESOLUTION** is a necessary evil in human relations. When you have an issue with another CYBA member that you cannot resolve on your own, bring the issue to a COMMISSIONED OFFICER (CW1 & ABOVE). They will either assist you personally or direct you to the General's committee.
If directed to the General's Committee, a mediator will be appointed to "mediate" a discussion to help resolve/ control the problem. Mediators are expected to be impartial and not take sides. Mediators will help each member come to some conclusion/resolution. If an agreement can't be reached, then mediator will dictate a "solution" if this arbitration is not followed, the party(s) refusing to comply will be put on suspension, and could be asked to leave CYBA. If you find yourself in need of a moderator, make sure you are in compliance with all CYBA rules on respect (Rules 2, 4, 7, 8). We are very serious about maintaining a great place to hang out / play, so help us keep it that way.
Penalty – Same as for Rule #2

4. **RESPECT NON-MEMBERS AS WELL AS CYBA MEMBERS.** (See rule #2) It's not hard to bite your tongue and say, *"It's not worth arguing over, let's agree to disagree and end it now."* Help players when you can, remember you were a rookie at one time, have some patience. When in a clan match there is to be **NO taunting**, the only people who should be speaking are the two highest ranking members. Failure could cost us the match.
Penalty – Same as for Rule #2

5. **CYBA IS A CHEAT FREE CLAN.** There will be no cheating or using map exploits. This is a ZERO TOLERANCE rule. If you can't abide by this rule, then you are not CYBA quality and should leave before you begin.
Penalty – Immediate dismissal from clan and banned from all CYBA servers.

6. **LISTEN TO RANKING OFFICERS.** Officers have been here a long time. They have shown a willingness to help others have already earned your respect. They will continue to do what is best for CYBA and have our best interests at heart. CYBA is not a dictatorship and officers should give all due respect to junior ranking members. Promotions are not given lightly & **BEGGING, COMPLAINING, and THREATENING** for promotions will NOT be tolerated!
Penalty – You may be suspended from match play or CYBA servers depending on severity of offense. CYBA is not a dictatorship, but respect for others is the key element to our clan's long success. Get along!
7. **RANK HAS ITS PRIVILEGES.** Officers may be entrusted with the PRIVILEGE of ADMIN (RCON) rights to our server(s). ADMIN will not be arbitrarily given to any officer, it must be shown the officer has the maturity & motivation to properly use this privilege. Again, begging, etc. will not be tolerated.
Penalty – Revocation of ADMIN privileges. Either for a specified time or until an improvement in behavior is established.
8. **RANK IN SERVERS.** To avoid problems, the highest ranking Officer on the server should do all banning, kicking, map changes, & roster selections as needed. It should be understood there is no abuse of ADMIN functions.
EXAMPLES: Kicking for no reason, excessive map changes, spamming ADMIN SAY, etc...
Penalty – Same as Rule #6
9. **PROMOTIONS.** Success in CYBA is determined by attitude, dedication, skills, communication, and contributions (web pages, skins, sigs, custom maps, and server dues). Promotions are given by the General's Committee.
Penalty - If you continually perform in a manner inconsistent with CYBA principles, you will be demoted, and may be asked to leave.
10. **INACTIVE MEMBERS** will be put on MIA status in the roster if they have not been heard from in six months (months 1-6). They may be reactivated on the roster if they return within the next six months (months 7-12).
Penalty - After 12 months of MIA status, the member will be DISCHARGED from CYBA. If the member left in good standing, they will be allowed to rejoin the clan. They will not retain their rank and will rejoin at E1 rank.
11. **FIGHTING HACKERS** is everyone's job. CYBA is dedicated to playing cheat free games and expects all members to report violations. Post reports of violations to officers responsible for maintaining the server (if it's a CYBA server). Non CYBA-SERVER violations should be reported in the Forums section if you have proof of the cheat.
12. **COMMUNICATION PROGRAMS** keep us well informed & all members will be required to have TeamSpeak and of course post on the forums. These are valuable tools to help keep track of this clan, and to also make sure all are involved and up to date on all current events in the world of CYBA.
13. All members are to wear their tags at all times. Proper Tags, name, and Tron suffix is a must while playing games associated with the CYBA. That means **(CYBA)yournamehereTron**.

This is your clan name, wear it with PRIDE. We do not want to see players online with completely different names / no tags, this is unacceptable for a member of CYBA. Jokes, like switching to PacketlossTron for fun, should be kept to a minimum and changed back so there is no confusion.

Exceptions to this rule

RINGERS in a scrim with another clan. Ex. you ring for Karma police if they can't get 5 for a scrim, but you want to look united as a clan scrim....then your name FOR THAT SCRIM ONLY can be listed as kp\yourname.cyba.

SQUAD TAGS are designed to be worn by special project teams and should only be used under the express authority of the General's Committee. There should be no more than one uniform squad-tag for each game that CYBA is part of.

Penalty - If you want to be in CYBA, then wear your tags in all GAMES CYBA PLAYS. If you prefer to play for another clan, please quit, so we won't have to ask you to leave.

Penalties

- 1). Double clanning -If you are caught double clanning you will be given 1 day to either drop all other clans or you will be dropped from CYBA
- 2) Bad Mouting-If you are caught bad mouting CYBA or any CYBA members, a written apology will be required in forums. Continuing abuse will lead to your dismissal from CYBA.
- 3) Respect all Players-The penalties for this rule are the same as those for Bad Mouting.
- 4) Cheating-Cheating has become more and more popular. If a CYBA member is caught using any cheat, he/she will not only be kicked from CYBA but they will be also banned from all CYBA servers. This is a ZERO tolerance rule. There will be no second chances.
- 5) Following Instructions-Again, CYBA is not a dictatorship. It's in the best interest of CYBA to work together as a TEAM while in scrims and matches. If you can't work as a TEAM, there is a strong chance of a demotion. Again, if this happens, you may as well quit.
- 6) Anyone who has been given RCON or ADMIN fails to keep the password or passwords secure, or passes them out to anyone not authorized to have them will lose their own privileges.
- 7) Abuse of RCON or ADMIN-If you are caught abusing RCON or ADMIN you will lose your privileges for no less than 2 weeks, if your actions continue, you will be permanently stripped of RCON or ADMIN and demoted to an enlisted rank. This also applies to using ADMIN MOD as well.
- 8) If you cannot wear your tags while playing online, then I guess you don't really want to be in CYBA. Please quit, so we don't have to ask you to leave.

Recruiting

Any active member of CYBA may introduce any new player who wishes to join our ranks. The new prospect must comply with our rules including having TeamSpeak and mIRC. There may be a trial period before the recruit will be interviewed. All interviews will be done by Generals Only.

Failure to Comply

Failure to comply with any of these rules will result in disciplinary action or removal from the clan.
